

DEFINING AND NAVIGATING MIRACLES TODAY.

**EXPLORING A STRATEGIC STUDY AND
PERSONAL REVELATION OF MIRACLES,
INCLUDING THE PATTERNS, PAIN,
PROPHECY AND PROMISES OF THEM.**

Defining and Navigating Miracles Today

Exploring a strategic study and personal revelation of Miracles, Including the patterns, pain, prophesy and promises of them.

This talk takes a faster pace with a greater focus on the bullet points and touch points of miracles. At the same time, an invitation to look at themes, patterns and a deeper look at miracles for what are meant in the moment, but also in a wider application over time and learning.

We have come too far to only come this far. It is our responsibility to share more than just the action. Miracles can include the reaction, the result, the reinforcement and the resilience over time of each event.

**The Bible contains many Anticipatory designs that echo in advance.
These are further illuminated with the miracles across all the books.**

We pray that you open your word to our hearts and lives..
and open our hearts and lives to your word.
May we grow in the grace and knowledge of our savior Jesus Christ.

Knowledge: Knowing things.

The acquisition of information and facts through reading, researching, and memorizing.

Wisdom; What to do with those things

The application of knowledge with experience, insight, and good judgment.
Wisdom involves perspective and the ability to make sound judgments about a subject.

Discernment

Sifting through things to see what can be used and where as well as and what might be withheld or not applicable in specific areas and perhaps added in others.

Yet, if you're off one degree then it just takes a little while before you're really off course.
One Atom Can really blow things up Water H2O Hydrogen Peroxide H2O2

Miracles and Atheists: They don't want to find them or see them.

These Atheists cant find God for the same reason a thief cant find a policeman.

Exodus 9:20-21 After the blood, frogs, boils , cattle, flies, lice... warned about hail with fire and not concerned?

Seven Categories of Biblical Miracles

1. Creation Miracles

These miracles involve bringing things into existence or creating something from nothing.

2. Healing Miracles

This category includes physical healings of various ailments and conditions. Jesus performed numerous healing miracles, such as curing lepers, restoring sight to the blind, and healing the paralyzed.

3. Nature Miracles

These miracles involve control over natural elements and phenomena. Examples include Jesus calming the storm, walking on water, and turning water into wine.

4. Provision Miracles

Miracles in this category involve supernatural provision of resources. Notable examples include Jesus feeding thousands with limited food and the manna provided to the Israelites in the desert.

5. Resurrection Miracles

These miracles involve bringing the dead back to life. Jesus raised several people from the dead, including Lazarus and Jairus' daughter.

6. Exorcism Miracles

This category includes casting out demons or evil spirits from possessed individuals. Jesus performed numerous exorcisms during His ministry.

7. Prophetic Miracles

These miracles involve supernatural knowledge or prediction of future events. Examples include Old Testament prophets foretelling future events and Jesus predicting His own death and resurrection.

Other types or subcategories of Miracles (at least how I see them)

Soft, Simple and Often Silent Miracles

Teaching, Training and Equipping Miracles

Connecting and Pattern or Prophecy Miracles

Repeated Performance Miracles

*

Some miracles may fall into multiple categories.

For instance, Jesus' miracle of catching a large amount of fish could be considered both a nature miracle and a provision miracle. Additionally, the Bible distinguishes between miracles performed by God or His representatives and those attributed to demonic forces, emphasizing the importance of discernment.

Grace is getting something you don't deserve.

Mercy is not getting what you do deserve.

To me the structure is amazing. The structurally attentive in the actions, miracles and messaging.

Miracle Seasons/ Worst Seasons/ leading to the best and biggest?

1. DAVID

One season David was a shepherd, the next season he was a king!

2. RUTH

One season Ruth was working in a field, the next season she owned that field.

3. MORDECAI

One season Mordecai was sitting outside the king's palace, the next season he was inside the palace.

4. JOSEPH

Lowered to the bottom in one season to be killed, lifted to ruler the next.

5. MANY OTHERS...

and in recognizing the patterns, can bring hope, clarity and patience. Seeing the small creating the large.

More Touch Points

- **Miracles of tutoring, teaching, equipping and training**
- **The hidden styles of some miracles. The Deeper meaning and deeper learning in them.**
- The “part the sea” to the ones that are ‘hard to see” types
- The time lines and pattern miracles - Methuselah - Lives longer and then dies before flood which ties to his name:
- **When He Is Dead It Shall Be Sent**
- 66 book penned by 40 different guys over thousands of years that make up an integrated message.
- **Mini Bible of Isaiah: The real source is a single author and he is out of time altogether.**
- **The Bible has 66 books, Isaiah has 66 chapters. The OT has 39 books that speak of sin & judgment.**
- **The first 39 chapters of Isaiah address sin & judgment.**
- **The NT has 27 books that address hope & the coming Messiah.**
- **The last 27 chapters of Isaiah address hope and the coming Messiah.**
- Pilates epitaph spells YHWH Yeshua HaNazarei Melect Hayehudim - Jesus of Nazareth, King of the Jews.
- 49 Letter intervals in Genesis 38 spell out the names from Boaz to David.
- Boaz, Ruth, Obed, Jesse, David. Backwards and in chronological order
- Zero transitional fossils bring found will harm my counter theory of Darwins
- **Rabbinical Precision of the camp out of Egypt. Judah east of Levites, Reuben South, Strict obedience denies area southeast. Only Cardinal Directions allowed. So length proportion to population.**
- **The Structure of Miracles... As in the structure of the plagues.**

Our coding would need a source for this digital coding.

We are in a digital simulation and if I take random code and added junk code to a program, would it create something entirely new or would a program fall apart?

The genetic software inherited in creatures has a lot of different variables in Mendel laws of genetics.

This is specifically used for cats, horses and dogs. Software has variables, you can have small cats large cats, hairy dogs small dogs, BUT cats remain cats, horses remain horses and dogs remain dogs.

The program has exactly the coding it requires to open and become what the programming is.

And if your code got messed with getting sick somewhere in your operating system?
So you got a cold, went blind, got cancer. All feasible.
Small junk code can have you sick, larger junk code can be devastating...

Yet whether it is a simple flu or a complex stage four cancer... We witness healing, decline or passing... but...

To my knowledge, no one sick has ever turned in to a duck.

Structure of actions and miracles

Very intentional with every plague. For the moment and for thousands of years of study to come.

1st and 10th plague - relate to blood -

2nd and 9th - frogs are night creatures and 3 days of darkness.

3 and 8 - Lice from dust and locusts are admitted by the enemy as acts of God

4 and 7 Thunder and Hail and the flies - Goshen is specifically mentioned to not be impacted

5 and 6 Disease of Cattle and the boils both focus on beasts.

And lice kept them from being able to worship because they weren't clean. Yet we wash in the word.

Then consider visiting revelation and watch the theme of Israel becoming free in both exodus and revelation....

These cords that bind them together become small interwoven lessons that can light our paths and illuminate our understanding.

We can take a type of responsibility and a counting as well as an accountability for the miracles in front of us.

To humbly see the beauty of the smallest nuance to the largest waves,... or for that matter, waves being parted.

In our humility, our knowledge expanded, our wisdom ignited and our discernment tuned up and in...

We not only have the chance to see so much more, but also continue to learn from older miracles as we experience new ones every day.

Being conscious of miracles. Reading more into the themes and the lessons and staying in tune even in dissonance and distortion.

The almond is the first to bud but last to deliver. In Hebrew (awake)
